

DELIVERING EXCELLENCE TOGETHER

Vensysco Infra Private Limited believes in bringing together technological efficiency and the power of people to innovate the solutions of today and tomorrow.

ABOUT US

Founded in 2016, Vensysco believes in the power of technology and dedicated human effort to provide futuristic examination solutions. Headquartered at UFIRM BUSINESS PARK Sector - 63, Noida, Vensysco has branch offices in Lucknow, Prayagraj, Chandigarh, Jaipur, and Patna.

We started offering Examination Infrastructure to Corporates & Government organisations to conduct safe & secure examinations. Meanwhile we have added security enabled examination services to our clients such as Live CCTV surveillance, Biometric, QP Migration, GPS enabled logistics, security guards with HHMD, Technical & Non-Technical Manpower, Mobile Jammers and Travel Support for team of Observers

Vensysco is offering end-to-end examinations solutions to corporate and government examinations from Online Registration to Result Submission. We are also offering OMR Based examination & Proficiency Test.

OUR STORY

We began our journey in 2016 by providing infrastructure for conducting competitive examinations all over Uttar Pradesh. Additionally, we also provided the examinations sector with our pool of experienced manpower personnel, ranging from exam controllers and assessors to invigilators and interview panellists. We provide security focussed services with biometric authentication and stationery procurement for clients. We also ensure our manpower services are up-to-date with the inclusion of technical manpower. Our range of services also includes Live CCTV surveillance and mobile signal jamming. To ensure a secure approach to typing tests, we also have our indigenously-developed typing test software solution available.

In our pursuit of providing our services, we have established a PAN Indian hold for exam infrastructure and hospitality. With a huge pool of resources all over India, we have an expanding network of logistics support on offer.

We also ensure to have a safe and secure response to the pandemic as well. As a means to keep personnel and candidates safe, we have options like COVID-19 kits and venue sanitization available for examination centers. We have provided exam infrastructure support to government competitive exams since 2017. We began by providing support for RRB Patna and Divine University, where we conducted examinations for 5,000 to 10,000 candidates. In 2018, we provided our services for BELTRON, COMFED and MSME Jamshedpur with 11,000 to 15,000 candidates attending. We also expanded to Air India Engineering Services, Nestle and JCB in 2019. In 2020, during the pandemic, we began providing proctored exam solutions and also conducted exams for Uttar Pradesh University of Medical Sciences, Saifai.

MILESTONES

Leading the examination industry for 5 successive years

OUR VALUES

INTEGRITY

Being a part of the confidential industry, integrity is at the core of our values. We make sure to stick to this, by staying in tune with the highest standards of professional behaviour and ethics.

SATISFACTION

A satisfied client is the mark of our success. To ensure that happens, we do our best at every step of the way, providing customised solutions to fulfil the client's needs.

DEDICATION

We believe that dedication leads to excellence. With efficient technology in tow, our dedicated and committed human effort is ever-ready to provide the right solutions when required.

OUR MISSION

On our journey towards excellence, we aim to raise the standards for newer organisations in achieving success with ethics, dedication and technology. Our priority will always be towards a greener India. Through our work, we are trying to make our country an excellent place to live in for future generations, with a focus on high moral values, intelligence and innovation.

In providing the industry with a safe, secure and ethical environment, we believe that we are preserving the sanctity of examinations in India. It is our mission to strengthen the trust of millions of aspiring students in the transparent process of exams.

SERVICES

PARIKSHA 24X7

Our software solution offers complete support for remote-proctored exams, utilising AI modules, to ensure safe & secure exams.

EXAM INFRASTRUCTURE SERVICES

We provide schools and colleges with IT and non-IT infrastructure to the exam industry to conduct online and offline exams.

EXAMINATION SUPPORT (MANPOWER)

To ensure smooth exams, we provide experienced manpower support like exam controllers, assessors, observers and panellists.

EXAM SECURITY SERVICES

We also provide experienced security guards and frisking technology to keep out illegal objects in examination premises.

SERVICES

EXAM STATIONERY & LOGISTICS

To keep exams secure from malpractices we provide secure logistics for exam materials & also procure stationery items for clients.

VALUE ADDED SERVICES

We provide hospitality arrangements all over India. We also provide clients with facilities for conferences and training.

TELECOM INFRASTRUCTURE

We provide support for telecom infrastructure all over India with engineering, procurement and construction services.

Based on a decade of research and development, Pariksha24x7 is a new age assessment delivery platform that came into existence to ensure timely and secure online/offline assessments. We're equipped with world-class technology and infrastructure to conduct assessment and testing for corporate, education and government sectors.

Our expertise lies in conducting Computer Based Test (CBT), Online Examination; OMR based Offline Exam, Computer Proficiency Test (CPT), Typing Test etc. We are driven by the ideology to make the future of assessment robust, secure and 100% accurate by utilizing latest technology. To guarantee this we have developed impeccable software and application that fulfill every need of the assessment industry and stands us apart on the examination horizon.

TYPING TEST SOFTWARE

The typing test software comes with a robust security system discouraging any means of cheating for online exams. The software uses different question paper sets to avoid malpractices such as leaking question papers, etc. Candidates are also restricted from accessing unauthorised pages, or changing browser tabs.

2 Approval of venues from client

3 Physical audit of exam venue conducted

5 Confirmation mail sent to venues

4 Electrical and technical audit of exam venue conducted

PERSONNEL SUPPORT (MANPOWER)

Other than providing access to countless exam centers across India and the world, Vensysco also provides its own pool of personnel for examination auxiliary services. Each of these personnel, regardless of their job, are chosen meticulously so they can always provide the best services for clients.

PERSONNEL SUPPORT (MANPOWER)

IT & Admin - Vensysco employs a pool of 1500+ IT resources who are specialised in a technical background. They have prior experience, and have the expertise in the exam conduction process. We also have a team of 300+ Admin Managers who are aware of examination procedures and experienced in crowd management.

Frisking & Management - We have tied up with some of India's best security services all over India. Our security staff includes experienced male and female personnel. We also employ a pool of 1000+ retired defence personnel who are deployed at exam venues for security & mob management.

Invigilators - Former teachers and others in the education sector are recruited to fill up a resource of 2000+ invigilators in examination centers, ensuring that examinations sessions conducted are always in order.

Observers - Vensysco arranges for observers to act as representatives of the clients clients. They are hired from a pool of 500+ retired administrative service personnels. Their primary duty is to include maintaining security of examination materials during transportation as part of the client's involvement.

Panellists - At Vensysco we responsibly create interview panels as per State/Central Government policies. We maintain these standards with the help of 100+ retired university professors, deans, VCs, psychologists and subject specialists from the industry. An additional team of experienced professionals take care of operational duties, preparation of marking sheets, updating on data sheets and candidate profiling.

EXAM SECURITY SERVICES

FRISKING

Being ready for a COVID-affected India, at Vensysco, we provide the options to not only prevent cheating, but also to stay safe from the pandemic. Keeping the pandemic in mind, we provide multiple COVID-ready frisking services such as - contactless temperature-screening, crowd management, and entry & exit management of candidates. As part of our frisking services, we also ensure that unauthorised objects don't get through, with the help of our frisking process. Our frisking services also consist of such utilities as HHMDs, DFMDs and Manual Frisking services.

HHMD (HAND-HELD METAL DETECTORS)

Handled by experienced personnel, HHMDs are used to keep away any disallowed electronic device and gadgets.

DFMD (DOOR-FRAME METAL DETECTOR)

A DFMD is an effective metal testing security solution, it detects unwarranted devices when the student passes through the door of the examination hall.

MANUAL FRISKING SERVICES

A government authorised procedure is followed by both male and female security personnel (Female frisking is conducted in a separate enclosed space provided by us).

EXAM SECURITY SERVICES

BIOMETRIC

Vensysco ensures that no impersonator enters the exam center to make exams unfair for others. Utilising the combined shield of Iris, Fingerprint and Facial Recognition methods, any would-be impersonators are effectively kept at bay. Vensysco presents the use of following biometric measures to ensure a malpractice-free exam session:

FINGERPRINT SCAN

Each person has an unique fingerprint, which is utilised worldwide as a basic biometric measure. It is most used around the world and is dependable as a safety measure against impersonation.

FACIAL RECOGNITION

This biometric measure detects the facial features of a candidate and can be utilised from a distance. It is more accurate at identifying people and can see through features like facial hair, make up and others that are meant to deceive the system.

IRIS SCAN

Patterns of an iris remain the same throughout the life of a person, making it quite dependable as a long term security measure. It also ensures accurate identification for those with significant changes to facial features.

EXAM SECURITY SERVICES

SURVEILLANCE

Security solutions do not stop at the entrance. There are other scenarios that need to be kept an eye on when examinations are in progress. Presence of CCTV cameras at centers has been known to greatly reduce the occurrence of malpractices. Vensysco offers its CCTV system that come in two variants to combat any malpractices during the exam sessions:

TEMPORARY SURVEILLANCE

CCTV footage is recorded during the examination session for later use. The presence of CCTV in the premises can act as a deterrent for candidates from employing cheating tactics. The recorded surveillance data can also be used later for use by clients.

LIVE CCTV WITH AUDIO

A live centralised control room is set up that enables eyes on the exam centers at all times. Clients have access to this feed and later recorded data for their own use. Having control over both sight and audio is vital while conducting important competitive exams, to keep away all forms of exam malpractices.

EXAM SECURITY SERVICES

GPS ENABLED LOCK

To ensure protection of critical exam materials, we also offer our secure GPS enabled asset locking & tracking solution. It utilises a tamper-proof container locked with a GPS enable lock which allows live monitoring. It also uses authorised unlocking, so the materials are only accessible through authorised staff or personnel.

NUMEROUS UNLOCKING OPTIONS

We offer various unlocking options to ensure the assets can be secured regardless of the scenario via methods like SMS, RFID, Bluetooth, secure app.

INSTANT SECURITY NOTIFICATION

In case, any attempts are made towards tampering the containers, clients are notified immediately via SMS and E-mail alerts.

EXAM STATIONERY & LOGISTICS

No security solution is complete without fulfilling all aspects of security needs. To ensure complete security towards logistics and exam preparation, Vensysco also procures examination stationery as part of our services. To ensure maximum protection for exam materials, we also provide a 'pay-per-use' model to educational institutions.

QP Movement - Exam materials like question papers are monitored at all times during storage. The transfers are monitored by experienced personnels and observers at all times. To ensure that exams are carried out smoothly, multiple copies of the exam materials are secured for transfer, in cases of incides.

Stationery Movement - Due to a breach in security, unauthorised writing materials can be smuggled into the exam centers. Even OMR sheets can be tampered with to provide offenders with unauthorised benefits. We provide our own exam stationery for clients to bypass any security that may come from using external stationery.

EXAM VALUE ADDED SERVICES

Beyond the support for infrastructure support, we also provide optional services that will benefit our clients. For examination personnel, we have dedicated hospitality services with a PAN Indian support. We provide observers, exam assessors and others with services dedicated to their staying and cab needs.

We provide options for deep cleaning and sanitization of the exam premises. We ensure exam centers are prepared in line with standard operating procedures. Our covid related services are dedicated towards keeping everyone safe from the pandemic. We also provide preventive and protection devices like thermal guns and face shields for personnels.

As part of our valued added services, we also provide companies with spaces geared towards office use. We also provide facilities for conferences and interviews. We also undertake the hiring of employees and training them for clients. We have access to interview panels consisting of experienced panellists for this facility. We offer this support for companies all over India

TRAVEL AND ACCOMMODATION SERVICES

Conducting examinations is a very time bound process that includes multiple activities. Planning of team movement to different cities and their staying accommodation takes too much time. Vensysco offers an alternative while bringing in a team movement solution. It includes team fooding & lodging, and travelling solutions. We are also involved in intra-city and inter-city movement of teams and client representatives.
